Statement of Confidentiality and Ethics

I, _____, will communicate information about students only with those individuals who have legal right to access and will hold in strict confidence the names and any personally identifiable information of students and families that I may encounter during my employment, internship or visitation at any of the schools in SAU #70

I also understand the concept and practice of professional ethics and will respect these values in my dealing with students, parents, staff, other professionals and members of the community.

I will exercise appropriate discretion and the sensitivity required within a small community.

I accept a high standard of confidentiality and professional ethics as an essential aspect of my professional conduct.

I understand that if I am concerned about any specific matter regarding confidentiality or ethics, I will speak with the Principal of the school to get clarification.

I have read and understand the above statements with respect to the legal and ethical mandates for confidentiality.
